BOC # 2009-2-3-12

Dear Mr. Allred:

The State Board of Control Division of the State Engineer's Office has completed its review of the Water Distribution Plan for the Paintrock Crossing Subdivision, Blue Hills Addition, and has found this Plan to be satisfactory.

Assuming the co-owners of the facility has been consulted in compliance with Wyoming Statute 18-5-306(a)(xi)(D), the water delivery according to the submitted Plan is acceptable to the State Engineer's Office.

A Mylar or reproducible copy of the final County approved plat is required to record these subdivisions on the records of this office.

If you have any questions, please contact Nancy D. McCann, State Board of Control Division, at 307-777-5958.

With Best Regards,
