

**Town of Basin Master Plan Committee
Fifth Meeting with Master Plan Consultant
Thursday, November 10, 2011
7:00 PM, Basin Town Hall**

ITEMS FOR DISCUSSION:

1. Streetscape Plan: Jolene Rieck will present streetscape plans for Committee review and discussion. Ken will present a few slides on the streetscapes of area towns.
2. Survey Results: Ken Markert will present the survey results. With 279 responses, we achieved our response and accuracy goals.
3. Review Infrastructure report and Public Services report. (Ken will present a brief overview of these reports. We can review these and discuss the need for any additional work on them.)
4. Schedule Open House Meeting: Invite the public to attend a meeting where we present or display the Survey results, Streetscape plan, and the mapping that we have accomplished so far. We would ask for public input on goals and issues for Basin's future. With holidays approaching, early December may be the best time for the meeting.
5. Next scheduled meeting date. December 8th, 2011, 7:00 PM, Town Hall.
