

September __, 2011

Dear Basin Citizen:

The Town of Basin is preparing a Town Master Plan to help guide the growth and development of the town and its surrounding area. The plan will include goals, policies, and strategies for addressing many of the issues facing the residents and businesses within our community.

The Town Master Plan Committee is guiding the preparation of the plan with assistance of the city planning firm MMI Planning of Cody.

We hope you will be involved too. Knowing your views is vital to helping us make good decisions about future growth and development. In the next week you will receive a survey in the mail. The survey will ask for your opinions on growth and development of Basin. We respectfully request you to complete the survey and return it to us.

We would be happy to answer any questions you may have about this study. Please contact any of the Master Plan Committee members or Town Hall at 568-3331.

Your opinions are important to us. Thank you very much for your assistance.

Sincerely,

Town of Basin Master Plan Committee
